

Fast printing and features like duplexing and copy/scanning allow for multifunctional use in small to medium sized office environments.

This model is fully compatible with TROY MICR cartridges and standard HP cartridges. HP printers have the industry's strongest security because they're always on guard, continually stopping threats while adapting to new ones. The 4101 mfp has a suite of embedded security features to help protect your MFP from being an entry point for attacks. Get HP's award-winning security combined with optimized functionality from TROY.

Standard HP LaserJet Printer

Enhanced TROY Printer

Print Secure Checks In-House

Eliminate security risks of preprinted check stock. Add your logo, payee, signature, and MICR line. Also works with preprinted check stock to protect the payee and amount from alteration.

MICR Fonts

Security fonts designed for optimal reading and minimal errors.

Efficiency & Security

Reduce manual logging and chain of custody protocols. Plus **use one stock across multiple accounts by adding the MICR line at the point of issue.** Built-in tray locks and steel shielding protect check stock.

MICR Toner Secure™

The World's Most **Fraud Resistant** MICR Toner™, full standard yield cartridge included.

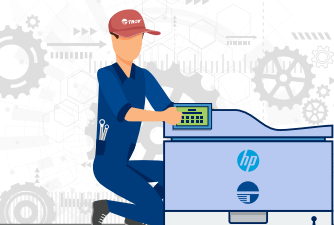

Quality & Reliability

MICR fonts created specifically for secure check printing. Patented MICR toner features **high adhesion and rigorous quality testing** to ensure a strong MICR signal. The only HP approved OEM MICR Toner on the market.

Paper Tray Locks

Printer specific, built-in locks prevent paper theft by refusing unauthorized access. (optional)
