# PostBase® pro DS

PostBase® pro DS
The next generation of PostBase®

The PostBase® pro DS is a robust and intuitive mailing system that offers uncompromising service for the professional mailroom. This German-engineered machine offers high-tech capabilities, with an easy-to-use interface and award-winning design. The PostBase® pro DS can process mixed mail by simply placing your mail in the self-adjusting feeder and letting the machine do the rest. As one of the first USPS® IMI-Compliant meters in the market, and the only machine in its class to offer SealCheck technology, the PostBase® pro DS is one of the most secure mail machines available. Plus, its icon-driven menu and a large adjustable touchscreen make this machine as ergonomic as it is intuitive.

Color Touchscreen

SealCheck Envelope Sealer

Integrated Scale (15 lbs)

Stack & Go Feeder

Label Dispenser

Dynamic Scale

USPS® IMI Approved Meter

Anti-Skew Rollers

Pro Performance

The key to reliability and performance is Stack & Go feeder with the large format feed deck and adjustable anti-skew rollers that prevent stoppages.

Dynamic Scale

High speed processing of mixed mail up to 90 letters per minute using the in-line dynamic scale that accurately measures the size and weight of each envelope.

SealCheck Sensor

Exclusive to FP's PostBase® line, SealCheck ensures security and confidentiality by validating that each envelope flap passes through the sealer.

Add-on Products
Get the most out of your Postbase® pro DS

High Capacity Envelope Catch Tray

Improve productivity by adding a high capacity catch tray that can hold up to 350 finished envelopes reducing the amount of manual unloading. With a durable design and compact footprint it will fit onto any mailroom table by hanging off the right side with a sturdy support.

Custom Mailroom Furniture

FP Mailroom Furniture is designed to provide superior protection for FP machines. Our engineers worked to create a line of furniture that increases the lifespan of your FP Mailing machines by preventing sagging and vibrations that can damage heavy mailroom equipment.

### FPi Folder Inserter to PostBase® pro DS Interface

Further streamline your mailing process with folder inserter solutions for the modern age. By combining just two machines, you can transform printed paper into folded, stuffed, sealed, weighed, metered, and stacked mail in one streamlined process. The FPi Folder Inserters also have a secondary benefit of added security for sensitive documents such as: checks/invoices, legal notices and medical documents.
