

## Canon ImageRUNNER Advance DX: Custom Sizes for Mac

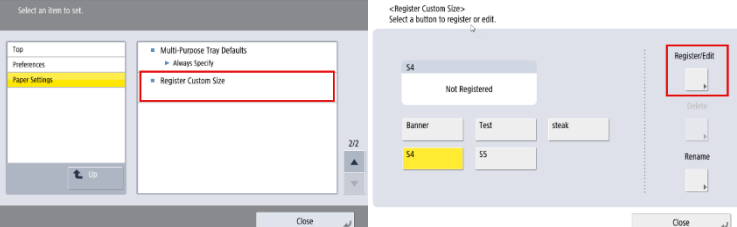

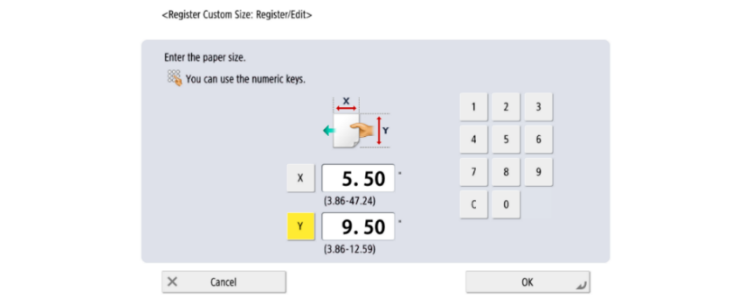

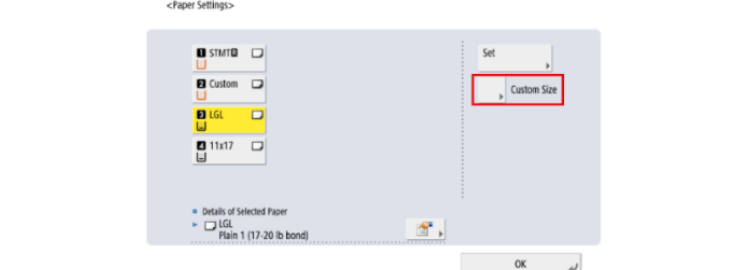

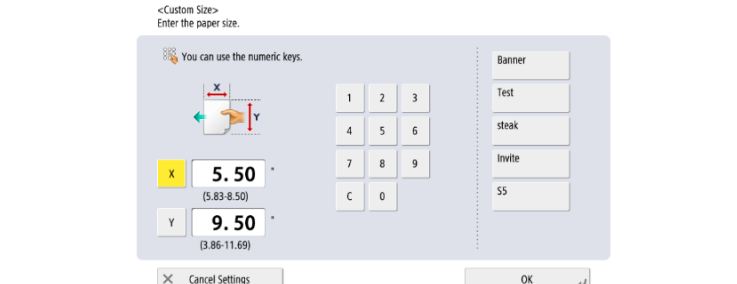

This guide will go over how to register custom paper sizes at the machine and print driver, and how to print. The custom sizes **MUST** be entered at the machine and print driver before printing.

### Creating a Custom Paper Size in Multipurpose Tray:

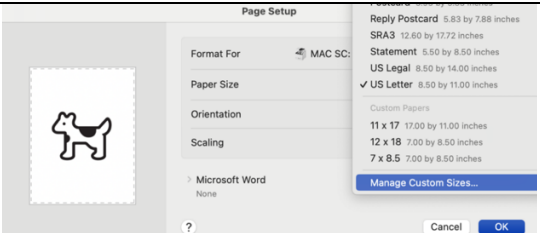

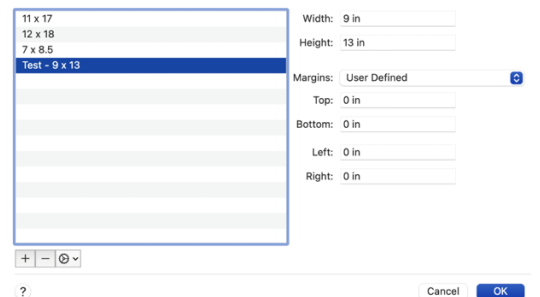

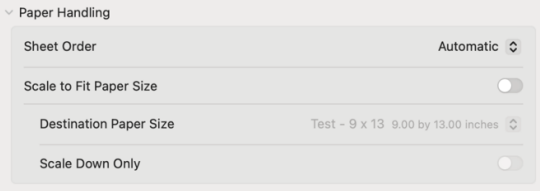

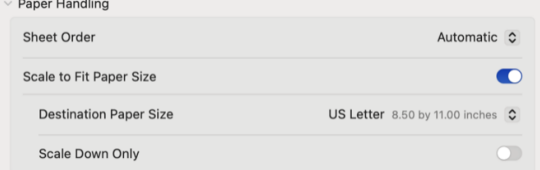

**Note:** Some sizes can only be done in the multipurpose tray.

<ol style="list-style-type: none"> <li>1. Insert paper into the multipurpose tray to open the multipurpose tray's display window.</li> <li>2. Select <b>Custom Size</b>.</li> </ol>	
<ol style="list-style-type: none"> <li>3. For one-time use, enter the paper size and press <b>OK</b>. To save a custom size for future use, select <b>Register</b>.</li> <li>4. Choose an empty slot and select <b>Register/Edit</b>.</li> </ol>	
<ol style="list-style-type: none"> <li>5. Enter paper size. <ul style="list-style-type: none"> <li>• Pay attention to which direction is X &amp; Y – the paper will need to be loaded in the tray the same way.</li> </ul> <p><b>*Note: If banner printing is enabled, the X/Y range is larger than standard.</b></p> </li> </ol>	
<ol style="list-style-type: none"> <li>6. Select <b>OK</b>.</li> <li>7. Select <b>Rename</b> to name the slot (10-character max).</li> <li>8. Type in a name &amp; select <b>OK</b>.</li> <li>9. Select <b>Close</b> to close the Register Custom Size Window.</li> </ol>	
<ol style="list-style-type: none"> <li>10. The registered custom size is now available to choose.</li> <li>11. Select <b>OK</b> to apply.</li> </ol>	

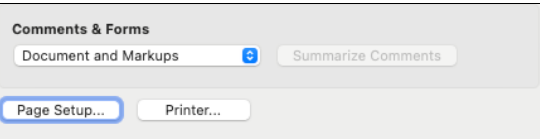

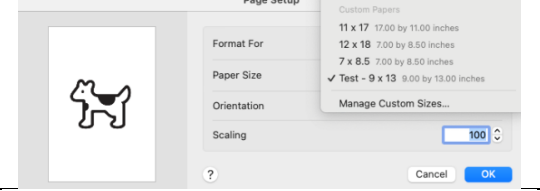

## Creating a Custom Paper Size for Drawers:

<p>1. Go to <b>Settings/Registration</b> → <b>Preferences</b> → <b>Paper Settings</b> → and select <b>Register Custom Size</b>.</p> <p>12. Choose an empty slot and select <b>Register/Edit</b>.</p>	
<p>13. Enter paper size.</p> <ul style="list-style-type: none"> <li>Pay attention to which direction is X &amp; Y – the paper will need to be loaded in the tray the same way.</li> </ul> <p><i>*Note: If banner printing is enabled, the X/Y range is larger than standard.</i></p> <p>14. Select <b>OK</b>.</p>	
<p>15. Select <b>Rename</b> to name the slot (10-character max).</p> <p>16. Type in a name &amp; select <b>OK</b>.</p> <p>17. Select <b>Close</b> to close the Register Custom Size window.</p>	
<p>18. To assign the custom paper size to a drawer, go to <b>Settings/ Registration</b> → <b>Preferences</b> → <b>Paper Settings</b>, choose drawer and select <b>Custom Size</b>.</p>	
<p>19. The registered custom size is now available to choose.</p> <p><i>*Note: Registering a custom size this way will also show it in the custom size options within the multipurpose tray.</i></p> <p>20. Select <b>OK</b> to apply.</p>
